

CERTIFIED AUTHORIZATION PROFESSIONAL

CAP | COURSE CODE: SEC-309

COURSE DETAILS

Intrinsec's Certified Authorization Professional (CAP) training program delivers the knowledge required to develop the appropriate skills and abilities to effectively monitor and evaluate a company's security risks and requirements today and for the future. Additionally, this course will help students prepare for the CAP certification issued by (ISC)².

Commercial organizations, civilian and local governments, and the U.S. federal government rely on CAP's expertise to ensure that information systems not only have the appropriate security measures in place, but that they're also aligned with the organization's level of exposure to risk.

COURSE BREAKDOWN

Intrinsec's CAP training and course material focuses on the seven examination domains within the CAP certification. For more information on these domains, along with additional course details, please visit Intrinsec's [CAP website page](#).

DOMAIN 1	Risk Management Framework (RMF)	DOMAIN 5	Security Control Assessment
DOMAIN 2	Categorization of Information Systems	DOMAIN 6	Information Systems Authorization
DOMAIN 3	Selection of Security Controls	DOMAIN 7	Monitoring of Security Controls
DOMAIN 4	Security Control Implementation
