

CERTIFIED INFORMATION SYSTEMS AUDITOR

CISA | COURSE CODE: SEC-323

COURSE DETAILS

ISACA's Certified Information Systems Auditor (CISA) designation is a globally recognized certification for IS audit control, assurance and security professionals. Being CISA-certified showcases your audit experience, skills, and knowledge, and demonstrates you are capable of assessing vulnerabilities, report on compliance and institute controls within the enterprise.

All that to be said, this official training seminar is packed with practical information and study tips, making it a great resource for those interested in obtaining the CISA certification. Additionally, this official CISA course is also a tool for those interested in enhancing their IS audit, control, and security skills.

COURSE BREAKDOWN

Intrinsec's CISA training and course material focuses on the four examination domains within the CISA certification. For more information on these domains, along with additional course details, please visit [Intrinsec's CISA course webpage](#).

DOMAIN 1	The Process of Auditing Information Systems
DOMAIN 2	Governance and Management of IT
DOMAIN 3	Information Systems Acquisition, Development and Implementation
DOMAIN 4	Information Systems Operations, Maintenance and Service Management
DOMAIN 5	Protection of Information Assets
