

CLOUD SECURITY BOOTCAMP

COURSE CODE: SEC-306

COURSE DETAILS

Intrinsec's Cloud Security BootCamp is a training program that combines two of Intrinsec's most requested cloud security courses—Certificate of Cloud Security Knowledge Plus (CCSK PLUS) and Cloud Audit and Compliance. Intrinsec's Cloud Security BootCamp runs for a total of 5 days of training, worth a combined total of 35 CPE credits.

This BootCamp will spend the first three days (ex. Mon. to Wed.) covering Intrinsec's CCSK PLUS course, which reviews cloud computing and the security aspects to address prior to deployment of any system in a public or private cloud. The final two days (ex. Thu. and Fri.) will be spent on the second course, Cloud Audit and Compliance, which focuses on how to properly assess cloud service providers, in addition to analyzing an organization's internal usage and readiness to adopt cloud services.

COURSE BREAKDOWN

Intrinsec's Cloud Security Boot Camp combines two popular cloud security courses into one week of comprehensive training. For more information on the courses and their domains, please visit Intrinsec's [Cloud Security BootCamp](#) website page.

CCSK PLUS: Day 1, 2 & 3 of Cloud Security BootCamp (Course 1)

CLOUD AUDIT & COMPLIANCE: Day 4 & 5 of Cloud Security BootCamp (Course 2)
