

# CERTIFIED INFORMATION SYSTEMS SECURITY PROFESSIONAL

CISSP | COURSE CODE: SEC-308

## COURSE DETAILS

Intrinsec's Certified Information Systems Security Professional (CISSP) training program is a cyber security knowledge course which analyzes the technical and managerial abilities required to design, engineer, implement, and manage an overall information security program to protect organizations from sophisticated attacks.

Intrinsec's five-day, 35 CPE, CISSP course provides students with a comprehensive review of the new threats, technologies, regulations, standards and practices recognized by (ISC)². Additionally, this course will directly help those interested in writing the CISSP certification exam issued by (ISC)².

## COURSE BREAKDOWN

Intrinsec's CISSP training and course material focuses on the eight (8) domains within the CISSP certification issued by (ISC)². For more information on these domains, or additional course details, please visit Intrinsec's [CISSP website page](#).

DOMAIN 1	<b>Security and Risk Management</b>	DOMAIN 5	<b>Identity and Access Management</b>
DOMAIN 2	<b>Asset Security</b>	DOMAIN 6	<b>Security Assessment and Testing</b>
DOMAIN 3	<b>Security Engineering</b>	DOMAIN 7	<b>Security Operations</b>
DOMAIN 4	<b>Communications and Network Security</b>	DOMAIN 8	<b>Software Development Security</b>
