

CERTIFIED IN THE GOVERNANCE OF ENTERPRISE IT

CGEIT | COURSE CODE: SEC-324

COURSE DETAILS

Certified in the Governance of Enterprise IT (CGEIT) is designed to provide students with a refreshment course on enterprise IT governance principles and practices. Developed by ISACA to validate a professional's ability to discuss critical issues around governance and strategic alignment, CGEIT training is ideal for those interested in supporting and advancing the IT governance of an enterprise.

Additionally, this course will help students review and refresh their information security knowledge and help identify areas they need to study for the CGEIT certification exam issued by ISACA.

COURSE BREAKDOWN

This official CGEIT training seminar has a total of seven primary sections. All seven sections will collectively help you prepare for the CGEIT certification exam while also enhancing your overall competencies with enterprise IT governance principles and practices. The seven primary sections you will cover are the following:

DOMAIN 1	Framework for the Governance of Enterprise IT	DOMAIN 4	Risk Optimization
DOMAIN 2	Strategic Management	DOMAIN 5	Resource Optimization
DOMAIN 3	Benefits Realization
