

CERTIFIED INFORMATION SYSTEMS SECURITY PROFESSIONAL

CISSP | COURSE CODE: SEC-308

COURSE DETAILS

Authorized CISSP training is often considered as a leading choice for IT personnel interested in information security training. Intrinsec's CISSP certification prep course will review eight of the most relevant information security domains, all of which deliver a wealth of current information on the Common Body of Knowledge (CBK) for the CISSP exam.

Intrinsec is an official training provider of (ISC)². This partnership means everything you receive from this class, from the authorized instructor to the official (ISC)² course material, is always up-to-date and considered the best available.

All things considered, Intrinsec's CISSP training program is a great resource for those who are interested in successfully preparing for the CISSP certification exam or simply refreshing their knowledge on various leadership and operational domains in information security.

COURSE BREAKDOWN

Intrinsec's official CISSP training course reviews the eight CISSP certification domains featured in the (ISC)² Common Body of Knowledge (CBK). Reviewing the CBK will help students successfully prepare for the CISSP exam while also develop their overall competencies in information security.

DOMAIN 1	Security and Risk Management	DOMAIN 5	Identity and Access Management
DOMAIN 2	Asset Security	DOMAIN 6	Security Assessment and Testing
DOMAIN 3	Security Engineering	DOMAIN 7	Security Operations
DOMAIN 4	Communications and Network Security	DOMAIN 8	Software Development Security
