

# HEALTHCARE INFORMATION SECURITY AND PRIVACY PRACTITIONER

HCISPP | COURSE CODE: SEC-318

## COURSE DETAILS

Led by an (ISC)<sup>2</sup> authorized instructor, the following course is an official (ISC)<sup>2</sup> training seminar for the HealthCare Information Security and Privacy Practitioner (HCISPP) certification, which confirms a practitioner's core knowledge and experience in security and privacy controls for personal health information.

The training and provided course material for this official (ISC)<sup>2</sup> training seminar will teach students about protecting organizations and sensitive patient data from emerging threats and breaches. Additionally, this course will also help students successfully prepare for the HCISPP exam as it provides a comprehensive review of healthcare security and privacy concepts and industry best practices, covering the 6 domains of the HCISPP Common Body of Knowledge (CBK).

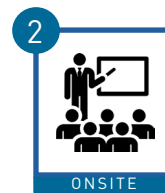

## COURSE BREAKDOWN

This (ISC)<sup>2</sup> authorized HCISPP training seminar is based on the six HCISPP domains of the (ISC)<sup>2</sup> Common Body of Knowledge (CBK), ensuring students successfully prepare for the HCISPP exam and enhance their overall competencies in healthcare security and privacy.

DOMAIN 1	Healthcare Industry	DOMAIN 4	Information Governance and Risk Management
DOMAIN 2	Regulatory Environment	DOMAIN 5	Information Risk Assessment
DOMAIN 3	Privacy and Security in Healthcare	DOMAIN 6	Third-Party Risk Management
